CheckPoint360 · Proposal to share

Two dates to bring your gift set to market.

€590 for both milestones, no VAT. One gift set and its bottle, one language, one buyer matrix, one adaptable A5 poster and message. You supply approved images and terms. Your team distributes, prints or sends.

Maison Sillage · fictional demonstration, December 2026

3 December
The buyer gets two rows with checked unit contents. Unsourced EANs remain open.

17 December
Each location can adapt its poster and message. The brand chooses location and date and controls distribution.

Adjustable budget
Buyer file €290. With the same product facts, add €140 for one shop or €300 for an editable set checked for two shops. Separately: €190 or €390. Both deliveries: €430 (€215 twice) for one shop, €590 (€295 twice) for the editable set.

Scope and payment

Illustrative dates: 3 and 17 December. Jérémie agrees your dates before signature. €295 after signature and €295 within 14 days of the second handover. Existing templates and distribution by your team mean zero third-party fees in this example.

Jérémie owns the handover and corrects in-scope errors. You keep the files. Handover uses your tools; no third-party cost in this example. Your dates and total are confirmed in writing before signature.
