Two assortments, two guides for the network

One sponsor buys for its locations. The number of different answers determines the fee.

One existing answer · €0

Redistribute your guide if the question and answer still apply. If a new guide is required, €1,420 for one assortment covers all locations giving that advice.

Two assortments · €1,560 without VAT

One range, one language, one question, up to four references. One fact approval, two editable guides and their allocation list. Clair example: North and Central offer the G150 bottle for a first purchase. South offers the G050 tube.

€780 after signing and €780 within 14 days of full delivery. After one €1,420 CP360 guide reused unchanged, the second assortment costs €580 (€290 then €290).

Sponsor’s request

Provide assortments, question and first shelf date. Jérémie confirms the total and date before agreement. Your team handles distribution. Printing, training and additional ranges are separately quoted.
