CP360 · Scope to confirm before agreement

Answer a pre-purchase question

249 € · no VAT

Read your instructions, address one question in three cases, integrate the answer and prepare the support reply.

Included

One question and three cases: responses integrated into a standard WordPress page or accessible site files. CP360 installs the agreed block and checks it. Proprietary page builders require a compatibility check before agreement.

Result checked

The three cases give the same approved answer on the product page and in support.

Your approval

Wording and release

One consolidated revision included; CP360 errors corrected. Extra scope is priced before work. Existing assets reused; no subscription required. 50% deposit after agreement, balance within 14 days of complete delivery. Destination, access, delivery date and third-party costs confirmed before commitment.
